

Better delivery is better dentistry.

*Centrix C-R Syringes allow for fast, easy
and precise placement of dental
materials guaranteed.*

C-R Syringes are designed for injecting dental materials precisely and accurately into the mouth. Invented by Centrix over 40 years ago, Centrix continues to be the world leader in providing delivery systems for all dental materials. C-R Syringes allow for fast, easy and precise placement of composites, cements, glass ionomers, impression materials and other flowable materials.

- * Can be used with all pre-filled and empty tips currently on the market
- * All syringes are easy to load
- * Available in 7 models including traditional styles or leverage style guns that require less hand pressure
- * Can be autoclaved for infection control
- * Ergonomic so they are easy to hold and maneuver
- * Trusted by dentists for over 40 years

Ordering is easy. Call 800-235-5862 or contact your preferred dealer.

Dental Material Delivery Systems

centrix[®]
Making Dentistry Easier.SM

Trusted by dentists for over 40 years

C-R Syringes, tubes and plugs were invented by Centrix over 40 years ago, and Centrix continues to be the world leader in providing delivery systems for all dental materials.

**E/Z[™] Syringe**

The updated gun design with a stainless-steel front barrel and "Drop n' Lock" loading for easy tip insertion and removal. The E/Z syringe is our most popular syringe.

REF 130700 E/Z Syringe

**S/Class[®]**

100% stainless-steel gun with "Drop n' Lock" loading for easy tip insertion and removal. Comes with a lifetime warranty.

REF 170600 S/Class Syringe

**Snap-Fit[™] Syringe**

The Snap-Fit improves the aim of easy and precise placement of materials by gripping any tube and locks into any position. Tubes "snap" into place without the aid of a plunger, and once material is delivered, empty tubes are "snapped" out.

130650 Snap-Fit

**Snub Nose Snap-Fit Syringe**

The same technology and design used in our Snap-Fit Syringe — just a shorter barrel.

REF 130651 Snub Nose Snap-Fit Syringe

**Mark I[™]**

The original C-R-Syringe with stainless-steel barrel. The perfect syringe for low to medium viscosity materials.

REF 110000 Mark I Syringe

**NuGun[®]**

Larger size gun with a stainless-steel front barrel and "Drop n' Lock" loading for easy tip insertion and removal.

REF 160600 NuGun Syringe

**Mark II[™] Snap-Fit[™]**

All plastic version of the Mark I Syringe. Provides better visibility for dispensing unit-dose flowable composite while gripping any tube and locking into any position. The perfect syringe for low to medium viscosity materials.

REF 140000 Mark II Snap-Fit Syringe

Our Guarantee — If you are not 100% satisfied, simply return the product for a complete refund. It's that easy.
